SENATE BILL

No. 1393

Introduced by Senator Florez

February 22, 2006

An act to amend Section 8919 of the Family Code, and to amend Section 102635 of the Health and Safety Code, relating to intercountry adoptions.

LEGISLATIVE COUNSEL'S DIGEST

SB 1393, as amended, Florez. Intercountry adoptions.

Existing law authorizes, and in some cases requires, a state resident who has adopted a child in a foreign country through an adoption that is finalized in a foreign country to readopt the child in this state. Existing law requires that the readoption include at least one postplacement in-home visit, the filing of the adoption petition, the intercountry adoption court report, accounting reports, and the final adoption order. Existing law prohibits a court from granting a readoption order unless the court receives a specified report from an adoption agency authorized to provide intercountry adoption services.

This bill would ~~specify~~ *revise* standards for a petition to readopt by a state resident who adopts a child through an intercountry adoption finalized in a foreign country *and would require that the readoption include a home study report.* ~~The bill would delete the requirements~~

that the readoption include an intercountry adoption court report and accounting reports, and would instead require the inclusion of a homestudy report. The bill would revise *provide for alternative requirements regarding the filing of the adoption petition if the foreign country in which the adoption was finalized has adoption standards that meet or exceed those of this state*. The bill would provide that, *in that case*, the petition may be granted, if the adoption was finalized in accordance with the foreign country's laws and certain documents are filed with the petition. If a court denies the petition, the bill would require the court to summarize the reasons for its denial on the record.

Existing law requires the State Registrar to establish a new birth certificate upon receipt of a report of adoption, as specified.

The bill would also require the State Registrar to establish a new birth certificate upon receipt of a readoption order, as specified.
